Whether you are an employer, employee or run your own business, we can connect you to a listening ear – regardless of your faith or belief. We support a diverse network of chaplains across Cambridgeshire who offer pastoral care to everyone in the workplace.

'Workplace chaplaincy offers a vital frontline support and safe spaces for staff because it is independent of the organisation, and from HR. As a major employer in Cambridge and Peterborough, the Council's staff deserve to be supported well and workplace chaplaincy offers this to them.'

Gillian Beasley, CEO, Cambridgeshire County Council and Peterborough City Council
